# DEDICATION

The Yearbook Staff would like to dedicate this Yearbook to the memory of Mr. E. N. Simbalist. His sudden death in August of 1972, deeply saddened both staff and students at Victoria Composite. He attained degrees of B. Sc., B. Ed., and B. Ed. Dip. (Administration). Mr. Simbalist taught Chemistry and coached basketball during his pre-administrative years. He was the first Principal of Avalon Junior High School, as well as being Principal of Summer School at Victoria Composite for four years. He was a member of the Administrative Staff at Victoria. His loss is deeply felt by all and he will be remembered through the coming years.

# A MESSAGE FROM THE PRINCIPAL

This term we embarked on a new type of School Government, one that is representative of all areas of the population: T. D. Baker, Academic Day School, Vocational Day School, Adults, Support Staff and the Community. Through these representatives everyone has a say in affairs of the school.

We have seen during the first semester that students at each grade level are capable of assuming responsibility and giving leadership. We have also seen where a number of people are prepared to run for office but not always prepared to assume the responsibility of office. These people have been replaced by others who are committed towards the betterment of the school.

One of the most important measures instituted this year was the opportunity to exercise a vote on the type of school year for 1973/74. Students, teachers and administrators all had an equal vote. Although there was some concern by some faculty members about this procedure I was impressed by the fact that students and teachers can work side by side as equals.

I believe these are two major steps in our school. But this is only the beginning. By making your concerns known and assisting the government in promoting the type of school you want, you should be able to have a voice in a wide variety of areas: student behaviour codes, curricular, extra-curricular activities and school-community relations.

I would also hope that in the area of involvement you would accept the responsibility for your performance. I am certain that the standards you establish for yourself through your involvement with our Performance Policy and the School Government will be a pattern you will follow throughout your life. Now is the time to set the standard of excellence toward committment and involvement.

I wish you every success.

D. F. Terriff,

Principal,
Victoria Composite
High School.

# EDITORS' MESSAGE

We would like to take this opportunity to introduce the taletelling pages of the 1972-73 version of the VICTORIAN. We would also like to thank the other eight people with whom, for the past few months, we have shared the learning of responsibility and the understanding of what this school symbolizes.

We, as editors, must try to see what the past year has meant to the students of Victoria Composite. There will be people who will disagree with us as to what Vic students beheld during their 1972-73 sojourn. But then again one sees what one wants to see, and while one is seeing what one wants to see, one criticizes what one doesn't see or understand. This criticism can be helpful but sometimes alternatives are not offered or realized to correct the "wrongs" - one just sees that things are wrong and leaves it at that.

We have looked at our Yearbook, with the intention of finding something wrong with it, and we suspect that in places some people will be insulted, some will laugh, some will cry, some will look and say "so what"?

We find that this year's VICTORIAN is a collection of the times that used to be, the laughter, the joy of conquest of another year, the sorrow of "so what", the loss of why, the emptiness of prudence and the open-minded acceptance of that that is, is. All that lives is born to die, so nothing really matters; that's what mama said and is that the way it oughta be?

Love and Peace,

Hans Schimanke
Matthew Kuk

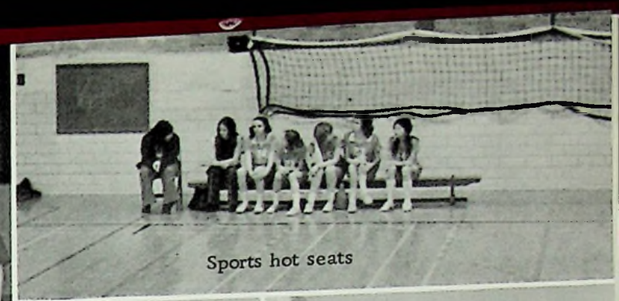
Okay . . . you can hold the ball



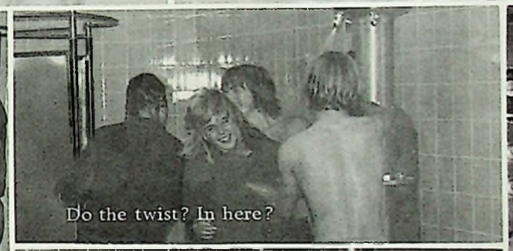
Sports hot seats

Alright! . . . up against the wall, hands out of pockets.

I eat corn flakes

Oh-oh, bright lights

Just a friend



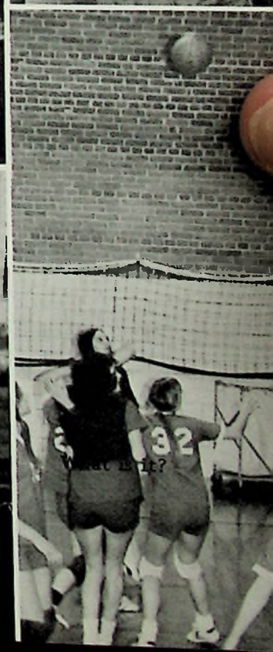
Do the twist? In here?

Aaaaaaaaaaah!

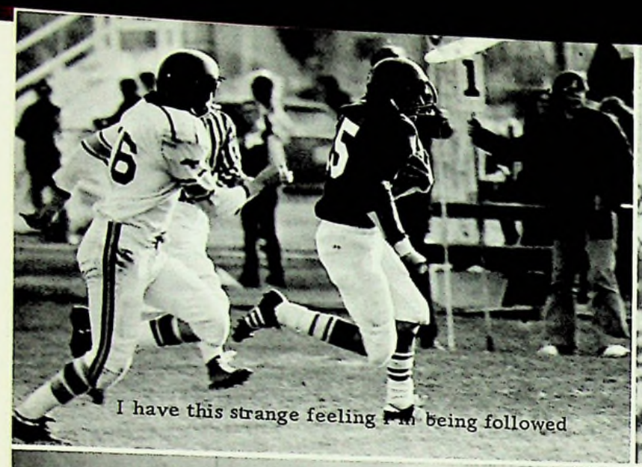
My antiperspirant lasts only so long . . .

We all eat corn flakes

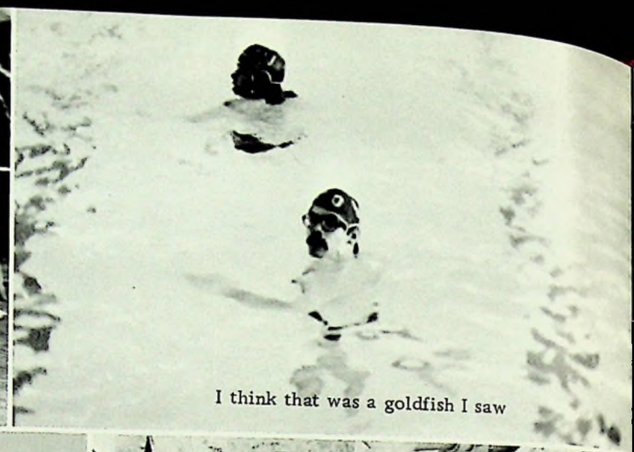
The other way stupid, the other way!



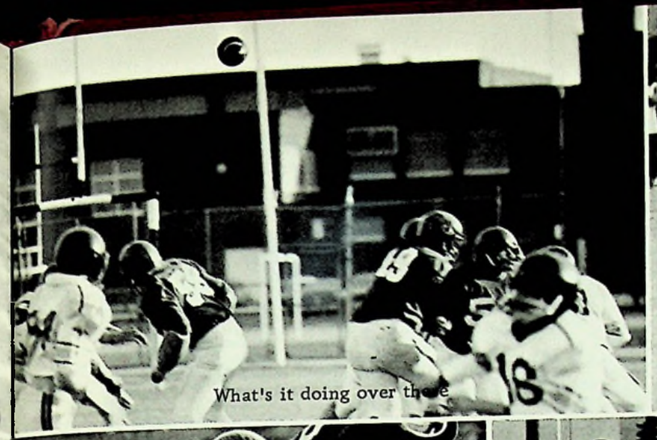
What is it?



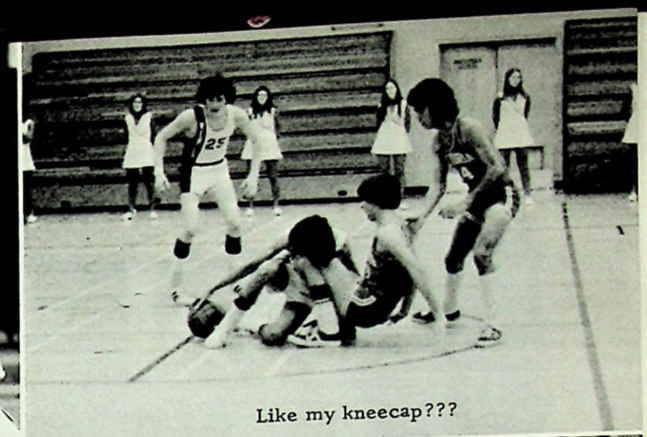
I have this strange feeling I'm being followed



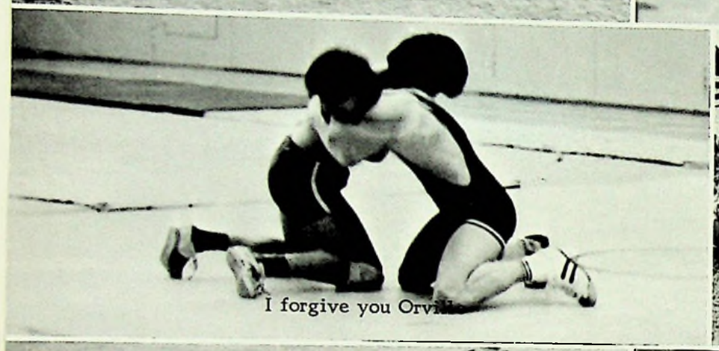
I think that was a goldfish I saw



What's it doing over there



Like my kneecap???



I forgive you Orville

I think I ran into the goalpost or else fat

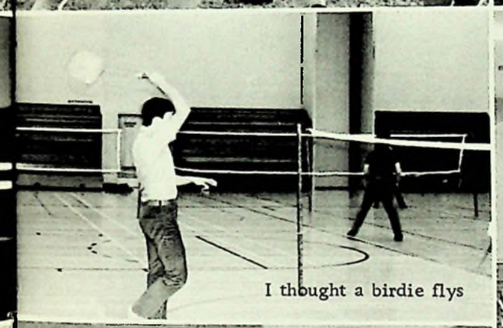
What a time to get heartburn

He wants Tums sir!

Have you got heartburn, Mr. I

I think they're going to let the sharks loose

Hey guys, don't throw it at me

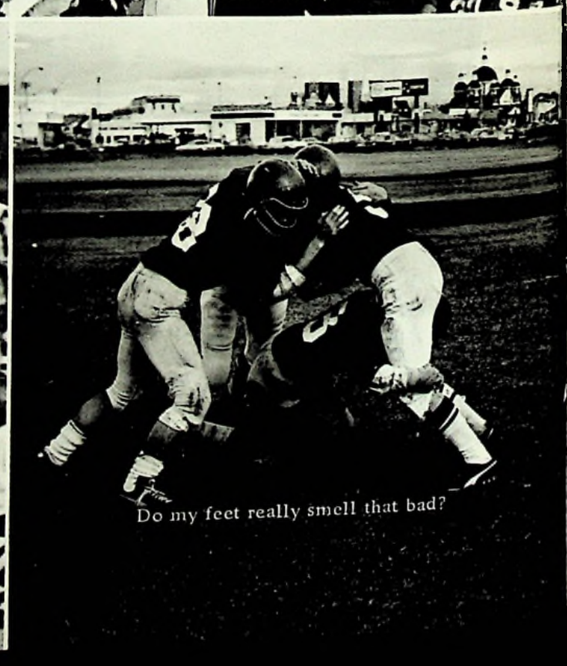


I thought a birdie flys

Stretch your coffee break

It certainly isn't a egg

Just like in ballet, one two three kick



Do my feet really smell that bad?

He likes the coffee break

My hands are cold too!

OOPS! Ran too far

# YEARBOOK STAFF

HANS SCHIMANKE - Editor; the man who told everybody what to do, the yearbook staff reluctantly did what we were told?

MATTHEW KRUK - Co-Editor; didn't do what the editor told him; grade 10, 11, 12 and T.D. Baker and other goodies.

DAVE HUGHES - Assistant Editor; the man with the smiles in times of woe; general assistant in creating anarchy.

LYNDA SHURKO - Clubs; the lady who appeared every noon hour.

GAYE NIPPARD - Teachers; the lady on the right on the roof.

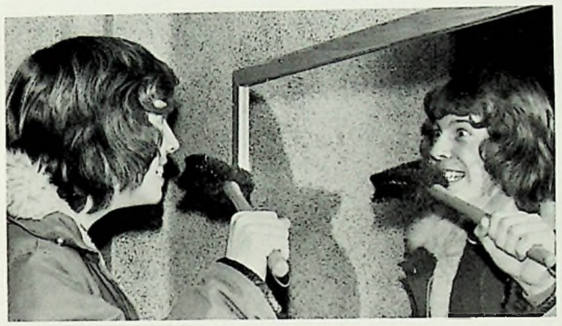
LEE NEWBY - Sports and school activities; the editor always complained about his lying down on the job, so did the lady in the west cafeteria.



STEWART CUSATOR photographer; he is currently unemployed and is a health nut.

BOB PAGEE - Sports, clubs and yearbook cover design; he and his friend Lee used to sit in the back of the yearbook office and throw jokes back and forth, sometimes they were even funny.

ALEX STADNYK - Photographer and a friend of somebody's; in the picture he is in a state of depression which could not be relieved during the school year.

MR STAN CALDER - Yearbook Advisor; Mr. Calder frequently discussed problems with Gaye and Lynda.
